
IS YOUR HOME OFF-GAS?

You may be eligible for up to £38,000 of grant funding for energy efficiency measures!

Home Upgrade Grant phase 2 funding is now available to residents of energy inefficient, off-gas-grid homes in Cumberland

Offered measures include:
wall and loft insulation, solar panels, draught-proofing, first-time double glazing and air source heat pumps

Call your friendly housing energy team to find out more and apply!

To be eligible you must live in a pre-qualified area or have a household annual income of £31,000 or less

Grants are funded by the Department of Energy Security & Net Zero at no cost to the resident
